Lead Frame Magazines

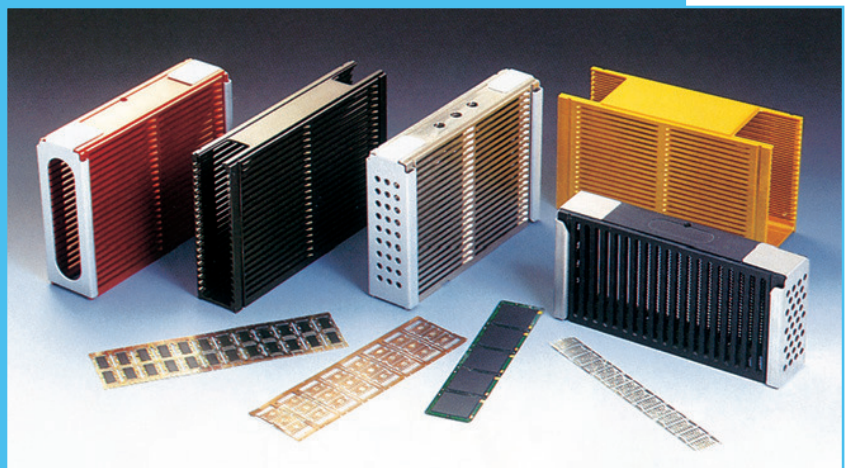

Standard Magazines

Over the years we have accumulated hundreds of open toolings in our standard magazine inventory for our customers to take advantage of. Lead frame magazines can be custom-designed to suit special requirements and are offered in a variety of colors.

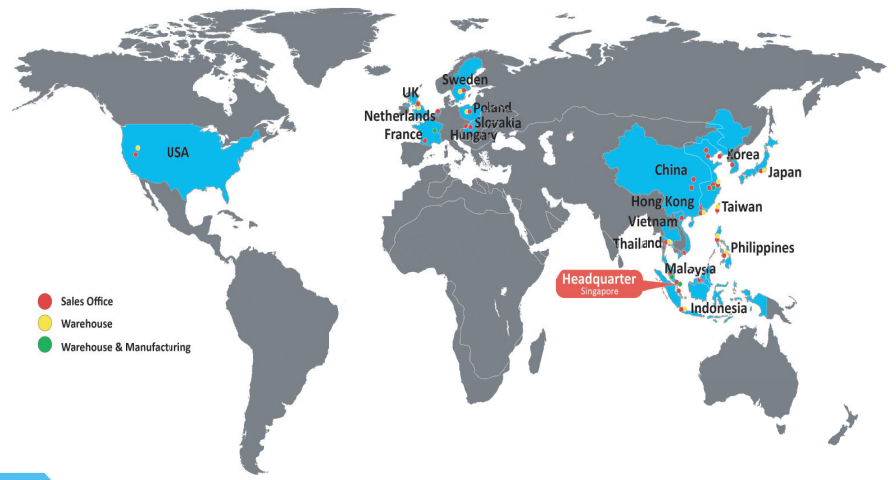

Perforated Magazines

Perforated or Slotted magazines are designed mainly for Plasma and other cleaning purposes. Perforated magazines can come in different lengths to suit requirements and they are offered in a variety of colors. They can also be customized as per customer requirements.

Our Network

As a result of globalization, many MNCs are outsourcing suppliers that can provide value added services which include the logistic capability to deliver goods to their factories worldwide. Dou Yee has a credible global network to meet this demand.
