

Anti-Microbial Sticky Mat

Sticky Mat
BallTack Test

✓ Eco-friendly water based acrylic adhesive

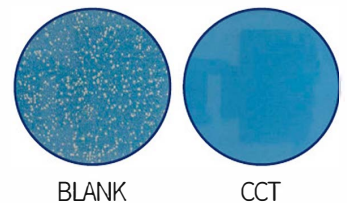

60sheets composition has cost saving effect for price and stock management.

Feature

- Minimization of growing bacteria by anti-bacterial treated adhesive
- Recommendable for Hospital, Pharmaceutical and Food industries
- Adhesive power : HGM150(130g), HGM200(180g, Standard), HGM250(230g) / Tolerance : ±40g
- Material : MDPE
- Eco-friendly water based acrylic adhesive
- Thickness : 35±5µm / Layer(Film)
- Other customized size are available.

Anti-Microbial test (JIS Z 2801 : 2006)

※ Color available : White, Blue, Green, Grey
